The perfect house alternative

If you are looking for the ideal low maintenance property but don't want to downsize in terms of size, privacy and quality then this perfectly located home is the property you have been searching for. Set in a boutique gated complex, you are surrounded by the best Noosa has to offer whether it be world class dining or cafe options, the famous Noosa farmers markets or shopping, you are literally minutes to everything including the stunning Noosa River itself. Soaring ceilings allow for natural light which is beautifully complemented by the northern aspect out to the entertainment area and pool.

Ground floor living is a delight. The living, dining, kitchen area is spacious, open plan and modern in design, yet with warming and timeless elements. The gourmet kitchen is at the heart of the home and features stone benchtops, quality appliances and plenty of cupboard space and is perfect for those that love to entertain.

The accommodation is located on the first floor and features a large master with walk through wardrobes and a sumptuous ensuite with a full-size bath. Two further bedrooms are both oversized, feature large wardrobes and share the beautifully finished main bathroom. For those looking to work from home, an open plan study is located as well on this level.

The large undercover entertainment and dining area slips seamlessly from the living areas and being north facing is a wonderful place to entertain guests year-round, while the resort style plunge pool is the ideal spot for those long sunny days that Noosa is known for.

Extra features of this outstanding residence include: -

- Low strata levies
- Oversized double lock up garage
- Ducted air-conditioning
- Fans
- Under stair storage.
- Security gates
- Small private complex
