\$390,500

Equally attractive as a first address or as an investment, this ideally situated apartment promises positive returns or lifestyle rewards on a beautifully reliable basis. The appeal of the floor-plan is made immediately apparent by a living/dining area where presentation and proportions form a welcoming combination. A separate kitchen/meals space adds to the attraction by providing stylish tiled splashbacks, a cleverly integrated meals counter, a pleasing outlook and, best of all, a bright, inviting mood. Two double bedrooms, each featuring built-in robes, share a well-maintained original bathroom that conveniently incorporates laundry taps and complements an apartment where move in readiness is matched by straightforward scope for a contemporary update if so desired. An off street car parking space further enhances the opportunity to gain a great first foothold in wonderful Williamstown, opposite Dennis Reserve, close to North Williamstown station, the shopping and café hub and the water.
