\$675,000

No expense has been spared on the amazing renovations completed on this executive 2 storey home in a great part of Eaton. With eye catching polished hard wood floors throughout the living areas and quality fixtures and fittings, this home is jaw dropping at every turn! The huge kitchen is amazing with inbuilt stainless steel appliances including microwave and coffee machine, loads of drawers and overhead cupboards, you'll never want for storage space. The open living area has a high pitched ceiling and opens onto the large deck that has a cedar ceiling with a fan. Such a great area to relax while looking over the tree tops to Bunbury port. The large carpeted formal lounge room also has a high feature ceiling and a wood look gas fire. Upstairs are three big bedrooms and two bathrooms, one with a spa bath. On the lower floor is a massive games room, 4th bedroom, laundry / 3rd bathroom. The double garage is a great size and an extra tall third garage has been built for a boat or caravan that you can drive through into the rear. This large 850 sqm block also has lots of room for the limestone retained backyard which includes a workshop. There's a verandah around the rear of the home with exposed aggregate concrete. Make an appointment now to view this spectacular home today!
