\$519,000

A QUEENS BEACH RESIDENCE NEAR TO GOLF COURSE. Yes it has a three bay shed (9x6m) with big annexe (9x3m) and this half acre site which backs onto rural land is brimming with opportunity - space for a pool, a bigger shed, a very decent vegetable garden or the garden of your dreams. Best of all this is a very roomy home with three bedrooms upstairs and open plan living whilst downstairs is a second bathroom, is fully lockable and, with very good head height, makes more family space very possible. The lower half of the home is all masonry block and the upper is a wonderful hardwood timber and rusticated weatherboard structure. From Brighton road you are only minutes walk away from the high school and, in the other direction, from the golf club. Join a very friendly, established family neighbourhood and pour your personality into this very fine master built home. The kitchen is very roomy with a servery and has both plumbing and power ready for a dish washer. Quite apart from the big shed there is space to lock up two cars under the house while two more can be sheltered under the double carport in front of the garage. Check the photos but an inspection is a must - call us today for an appointment, this one will not last!
