\$445,000

Enjoy a leafy garden with beautiful trees and plants and your very own self contained studio, here at 9 Cimitiere Street. The house offers two living areas, kitchen, bathroom, laundry plus two bedrooms. A choice of wood heating or Daikin heat pump to keep you comfortable all year round. The kitchen offers a beautiful 6 burner gas range (electric oven). The rear garden offers areas to relax and is ideal for pets and children. The recently built Studio (purpose built) is ideal for entertaining family and friends. A great workplace for an Artist, writer, craftsperson or home office. In this lovely area, close to river and town centre, this is a rare opportunity. Call Chris to arrange your private viewing.
