Auction

Auction Location: On-Site Being offered to the market for the first time in over 50 years, this lake front home represents one of the rarest properties the Coast has to offer. Situated on Currimundi's revered Cooper Street, Kembalik is one of just a handful of homes that not only backs directly onto the shores of Currimundi lake, but also offers a pristine view of this beachside sanctuary. With access to the lake via the rear-garden, a whole world of activities opens itself up to you and your family. From swimming with the kids in the shallows, heading out to pump yabbies at low-tide or simply taking a relaxing paddle towards the ocean waves, the way of life at Kembalik is truly like no other. As a humble yet sturdy three-bedroom brick home, where the ocean sounds resonate throughout the day, this property is perfect for anyone wanting to acquire their own beach-house in the most prestigious of streets. So whether it be to keep as a weekender, renovate to your chosen style or simply to hold as a truly special property asset, Kembalik is a must see for all astute property investors. For your chance to discover this ultra-rare property opportunity, we invite you to contact us directly for further information or visit our dedicated property page www.kembalik.nazerkurz.com This property will be sold via Auction on the 5th of April, if not sold before.
