This stunning lifestyle home is sure to tick a lot of real estate boxes. It's beautiful on the inside and out and with a stunning dam that looks like a lake in this well manicured and landscaped property, that will make you feel like you're in a private tropical oasis! Sitting on 6000 sqm (approx 1.48 acres) it's positioned perfectly, approximately 15 minutes to Sugerland Shopping Complex, the Base Hospital, airport, schools and pretty much everything else that you need. You've got space for all of the family here, 4 generous sized rooms, the main bedroom is huge and previously was 2 rooms whilst all of the other rooms are more than generous in sizing. The owners have been renovating too but plans have changed, all of the plumbing is in place for an ensuite, all that's needed now is for you to choose your cosmetic finishes such as tiles, styles and colours! Entertainers will love the large open plan kitchen and dining area that opens up on to an impressive covered outdoor entertainment area, that's the perfect spot to enjoy a morning coffee or a BBQ in the evening, Tiled throughout the open plan living/dining/ kitchen area gives it a bright fresh, clean modern feel and there's a large main bathroom with both shower and tub. There's solar power here too, 3.5 kw which means you can keep the home cool with the air conditioning, ceiling fans running and the running cost down too. There's plenty of car accommodation with a 3 car lean to to the front of the house, a 2 bay stand alone shed with a workshop, a separate stand along single car garage to the rear and a high clearance car port too so storage for the toys is not an issue! Outside is stunning and showcases just how loved and well looked after this property is. Walking around this beautiful back yard feels like your in a private botanical garden! For the lovers of the great outdoors, there's plenty of water for the gardens, with 2 rainwater tanks on the home but also there is a large scenic dam with a pump that irrigates the yard and there's also a shade house and garden beds for those with green fingers.
