Where Design and Practicality meet.

Appealing from a glance, even more impressive upon closer inspection, this inviting residence has significant garden planning and a private outdoor living for entertaining and relaxing on the north-eastern side, with built-in BBQ

The well-proportioned design comprises open plan living that flows outdoors. Light and bright with laid back elegance throughout, it also blends a combination of carpet, vinyl tiles and tiled floors, neutral tones, quality fixtures and strategically placed windows and doors to emphasise natural light throughout.

A sleek well-designed kitchen further distinguishes a design that opens to the entertaining area and indoor open plan living. Quality appliances, ample storage, and a warming plate make this kitchen extremely practical and a pleasure to cook in. Hosting one or many within your tranquil surrounds will be enjoyable year-round and the fully fenced yard provides a safe space for the kids and four legged friends to play. Accommodation comprises three bedrooms, 2 with built-in cupboards that are serviced by two bathrooms. The master bedroom offers a direct access to the outdoor area, a walk-in robe and large ensuite.

Additional features include air-conditioning and ceiling fans, a family sized laundry with extensive storage and outside access, 10kw solar panels on the roof, and a fully fenced rear yard with established gardens and shed. There is garage accommodation for a caravan and a drive through vehicle portico at the front of the home.

Loaded with lifestyle advantages.
