Muirhead is a premier northern suburb of Darwin with a stunning location and master planned amenity. Only minutes from the Darwin public and private hospitals as well Casuarina Shopping center which is the largest shopping center in the Territory, the location is very hard to beat. Within Muirhead itself the amenity is fantastic with many parks and walking trails, a child care center and a new tavern which has recently opened. It is no wonder people are lining up to live here. Quality design and quality finishes come together to create a low maintenance home in one of the most desirable Northern Suburbs. There is plenty of bench space in the kitchen, finished with a Caesar stone top, and the fridge space is plumbed for modern fridges. The walk in pantry helps keep the kitchen tidy and all of your items at your finger tips. The living and dining areas are open with sliding double doors to cordon off an area if required. This design feature allows for great flexibility of layout especially for families with kids. The main bedroom includes separate ensuite and walk in robe and is at the other end of the house from the other bedrooms creating a parents retreat. Bedrooms 2, 3 and 4 have built in robes and are close to the main bathroom. The double garage with remote roller door helps keep cars protected and is particularly handy during the wet season. Features include: * Quality kitchen finishes and stone bench tops * Walk in pantry with loads of shelving * Air conditioned and fully tiled through out * Flexible options for furniture layouts in the main living areas * Secure double garage with remote roller door * Internal Laundry with storage * Great street presence Be quick to secure an affordable home in one of the most appealing suburbs in Darwin. With increases to building costs, near new homes like these have become extremely popular. This property is available now and ready to move in.
