Embraced by lush greenery and an endless array of possibilities, this original 3-bedroom, 2-lounge weatherboard home offers a promising canvas for renovation or development (STCA), owning a verdant 836 sq. metre (approx.) parcel of land just metres from the zoned Frankston High School. A canopy of graceful and well-established trees dapple sunlight across the unique weatherboard home, originally designed to take in the best of its future garden setting and its splashes of sunshine. An entry terrace opens to a distinctive floorplan with social and accommodation spaces separated for the utmost functionality, with a master suite benefitting from French doors onto the terrace. The timber-and-tile kitchen links with a second lounge and an entertainer's terrace, with two additional bedrooms enjoying garden views and convenience to the family bathroom, toilet and laundry. It sits moments from Frankston High, Overport Primary, Delacombe Park, Tara Drive shops, Frankston's CBD and foreshore.
