Stunning best describes this lovely, large, corner block Californian Bungalow. Beautifully landscaped, this property features surrounding fences and security gate providing the kids the perfect garden area to play in and also a stunning welcome the moment you enter the front gate. Decked porch, enter to find high ceilings, period features and a fresh feel. Entrance hall with linen closet and laundry. Large master bedroom off to the left with both built in robes and a walk in robe with sensor lighting, leading through to stylish ensuite bathroom. Second bedroom off to the right also with built in robes and also large in size. Family bathroom with shower over bath. Fabulously renovated kitchen with loads of cupboards, stone bench tops, gas cooking, dishwasher and walk in pantry, as well as featuring a built in desk/study area. Plenty of room for dining table before walking into the lounge area. Sliding glass doors lead to the rear undercover decking area with storage shed and off-street parking secured by remote controlled gate. Additional features include ducted heating and cooling, security system, plantation shutters, water tank and so much character. Located close to excellent schools, public transport and the popular Newport Lakes.
