Nestled in the tranquil haven of Junee, 9 Lord Street presents an inviting opportunity for families to own a piece of serenity. This rendered abode boasts two cosy bedrooms, complemented by an additional office space, perfect for those working from home or in need of a study area for the children. The master bedroom is a retreat of its own, with generous built-in storage and the convenience of air-conditioning. The heart of the home features a delightful lounge, complete with a traditional fireplace for those chilly evenings, gas heating, and the comfort of air-conditioning for the warmer months. Both the lounge and the tidy, well-appointed kitchen are bathed in the soft glow of the morning sun, creating an uplifting start to each day. Step into the north-facing sunroom, an exquisite spot to unwind and relish in the peace of this quiet neighbourhood. Outside, the property continues to impress with a single garage, a carport, and an expansive covered outdoor area, perfect for family gatherings or a children's play space. Occupying a generous 809 square metre level plot, the residence offers an unparalleled blend of convenience and potential. The dual frontage to two streets opens up possibilities for a substantial shed, a drive-through access, or even a second dwelling to accommodate extended family or as an investment. With its close proximity to the famed Licorice Factory and the allure of a peaceful street, 9 Lord Street is a charming sanctuary awaiting its next family to call it home.
