\$230,000

If you are looking for a good-sized home on a big block AND set in a quiet location then this could be the property for you. The property is neat and tidy and has recently been re-clad and fitted with a solar power system and represents excellent value. Upon entering, you walk into the open planned living with kitchen, dining and lounge room. To the right of the lounge room there are two more bedrooms with their own sitting area. Through the kitchen and down the hallway are three more bedrooms, a bathroom and laundry. The rear of the property has plenty of space with a single garage, large work shop/shed and rear lane way. Book your private viewing today.
