What a beautiful location to build your new home! This elevated block overlooks the pristine waters of the Mary and Susan Rivers on the River heads Peninsula. Watch the boats sail by or stroll down to the water's edge and try your luck catching a Barramundi or Threadfin Salmon that call these waters home. No building covenants allows for flexibility in your building design with town water, power and NBN all available for connection. This 602m2 corner block is a very short walk to the local shopping village and community hall, short drive to local boat ramps & K'Gari Barges and just 10-15 minutes to major Hervey Bay business hubs, beaches & Airport. Upsize your lifestyle today! Call Kaleena for more info
