This property offers a balance of privacy and convenience situated in a residential area while still being close to the town centre where amenities, schools and services are all close. The interior of this three-bedroom home has ample space for living and activities with generous bedrooms, all with built-in robes. A renovated ensuite bathroom is an absolute highlight and has plenty of space – just like everything else in the house. Also, there are three split system air conditioning units in the home that will amply keep you warm all winter long and cool in summer too. A long shady verandah looks directly into a lush established garden and with a selection of fruit trees also. This quiet little oasis is both peaceful & serene. You also get a generous double garage with plenty of off-road parking and high private fences where you can really hang out in your all weather/all seasons al fresco BBQ area.
