Bedrooms: 3

Bathrooms: 1

Parkings: 2

Area: 1040 m2

Type: House

Denise Lynn

\$350,000

On 1000m² and conveniently located with lovely neighbours, this beautiful home is just 140 metre's to the CBD in a quiet and wide street. As you step through the front door the home delivers a sense of spaciousness with high ceilings, open plan lounge/ dining / kitchen with extra large windows overlooking a delightful front yard. Timber flooring and a wood heater give the living room a welcoming ambience (also fitted with R/C air-conditioning). The home has three large bedrooms all with built in robes. As well as the bathroom there is powder room and also a store room/pantry. The internal sun room leads on to the large north facing timber deck and through to more beautifully fenced gardens, covered wood shed, garden shed (has light and power) and large four car automated garage/shed with side door access (10m x 6m). The rear of the house is set up for easy access with a concrete ramp leading to the deck, so there is no need to use steps to enter if that is a consideration! Very recently the living area has been freshly painted (see last two photos). Daily life can easily be managed without using your car. Spaciousness, privacy, easy access and with close proximity to town, this home ticks all the boxes.
