9 Tennant Road, The Summit, Qld 4377

Bedrooms: 3

Bathrooms: 2

Area: 5830 m2

Type: House

Logan Steele

\$625,000

Spanning over 5,830m² (1 and a half low maintenance acres), this beautiful property offers a semi-rural lifestyle with clear level grounds, whilst still only being a short drive to Stanthorpe. This quality-built and freshly renovated home offers a versatile and functional design, capable of accommodating a large family as a full-time residence or a low maintenance weekender. The well thought out design offers 3 generous sized bedrooms with the primary suite featuring an ensuite. The main bathroom services the other 2 bedrooms and is well positioned for easy access by guests as well. The living and dining area is designed around a well laid out kitchen equipped with ample storage, brilliant bench space and quality appliances complimented by tasteful lighting and new flooring. There are fans in all rooms and a family size industrial reverse cycle air conditioner along with a wood heater for year-round temperature control. Extending the lifestyle element of the home, there are deep verandas that wrap around the front and sides of the home; designed for outdoor entertaining and to exploit the wonderful view over the landscaped property with an abundance of fruit trees, maples, and weeping cherries. Boasting a prized north facing aspect this home is bathed in the lovely Granite Belt sun year-round. Outside there are 2 sizeable garages, one offering accommodation for large cars, caravans, boats + storage & workshop space, with the second smaller garage offering accommodation for two more vehicles. There is a 88,000 litre rainwater tank and extra 2,000 litre water tank for the garden. Quality properties like this don't come on the market very often.
