\$2,500,000 - \$2,750,000

An exquisite contemporary renovation, the work of renowned architect and designer Penny Kinsella, has transformed this completely unique period home into an inner urban haven, offering a compelling blend of privacy, character and convenience. A gated vestibule entrance creates the introduction to a series of beautifully light-filled spaces accented by painted timber floors, luxurious appointments and bespoke joinery. A lush, private garden setting provides a connection with nature, while a versatile floorplan offers two distinct living zones: a formal living and dining room as well as the open plan living zone complete with Miele appointed kitchen and restful garden outlooks. Upstairs, discover a tranquil retreat or study that opens to an elevated terrace, and the luxe main bedroom featuring an elegant ensuite bathroom. Another robed bedroom, main bathroom and Euro laundry complete the ground floor, with an independently accessed rear 'stables' comprising a bedroom, shower room and kitchenette delivering extra flexibility. Soaring high ceilings, generous proportions, arched doorways and sash windows are a few of the period features on offer, complemented by additional attributes including steel framed windows and doors, hydronic heating, split system air conditioning and off street parking accessed via a remote roller door. Enjoy a location of convenience where everything is walkable: reserves and parks, tram stops, Windsor station and a choice of quality restaurants and cafes.
