Wednesday, 14 February 2024

90 Starrlea Road, Molong, NSW 2866

Area: 6555 m<sup>2</sup>

Type: Residential Land

Jacob Evans

0428130789

**\$380,000**

This is a fantastic block with plenty to offer someone looking to build their dream home. The block is quite level with good tree cover across one corner but still with plenty of room to perfectly position the house to its best advantage and to capture the all-important northerly aspect. Power is available and with registration complete the buyer can commence their building plans right away. With a very generous size of 6,555 sqm this block represents a great opportunity and value for money in this market.
