Just 10 minutes from the outskirts of Rockhampton you will find a lush semi tropical paradise with a Queenslander at the heart of this stunning property. Brimming with natural beauty, this 26.98 Hectares property sits at the foothills of Mt Sleipner. Primed for the new owner to maximise the property's potential, this is just no ordinary block of land. You can wake to the sound of natural bird life and enjoy the wallabies meandering. Take long walks on your own property around the massive dam while the kids catch crawchies or just follow your own stream down from the mountain. Either way, this could be paradise for the right family. One of the most picturesque and fertile properties we have seen. We haven't even mentioned the massive shed or fully fenced house yard. With an abundance of tank water from the 129,292 Litre front tank and several other tanks around the yard. Set back off the Emu park road, this property is located opposite the Thompson Point Road turn off. It is currently tenanted with a lease in place for the next 10 months or so.
