\$490,000 - \$530,000

As an inner-city address, the Victoria Square building has immediately made an indelible impression and established an un-rivalled reputation. One look at this exceptional apartment and one tour of the residents' shared facilities explains why! The apartment's two bedroom, two bathroom design, including a main bedroom with a seductive ensuite, features a living/dining area that flows to a fabulous balcony where curves, contours and covered dimensions are instantly desirable. An open-plan kitchen fitted with stainless steel appliances, stone benches, integrated storage and an hexagonal tiled splashback creates a cool galley zone while heating/cooling keeps every room totally comfortable. A secure car space and storage cage are added attractions of a high end address renowned for its banquet room, cinema, lap pool, gym, leisure/games room and rooftop barbeque areas, outdoor expanses and running track. All less than 4km from the CBD, but so clearly in a world, and a class, of its own.
