\$620,000

Buying brick has long been a requirement for many first homebuyers and investors. It has become increasingly hard to find an affordable brick property in Bega and we are very excited to bring 91 Lynjohn Dr to the market. Located in the established Lynjohn Drive this home offers many of the features you would expect in a property built in the mid 1980s. A large; L shaped living area wraps around the central kitchen and offers multiple configuration options to maximise your living options. The dining space extends immediately off the kitchen ensuring a connection that is ideal for the modern family. Four bedrooms link easily to the central bathroom; conveniently there is a separate toilet. A single garage is great for car accommodation or general storage. The simple, practical rear patio area is perfect entertaining area that links easily to the kid friendly backyard. First homebuyers and investors take note this is a must to inspect and priced to sell in the current market - give us a call to arrange an inspection.
