The property has been flood effected but has been made safe and sanitatised. Featuring lounge, kitchen/meals area, three bedroom, with BIRS only in the master. Separate bathroom and laundry. Overall the property is in quite good order, however, skirting boards have been detached, kitchen cupboards and all floorcoverings have also been removed. Situated on a good size block measuring 743 square metres with a bushland back drop. Roll up your sleeves and do the hard work and turn the property into a great rental investment!.Property Code: 4482
