## **Expressions of Interest**

A rare opportunity to invest in a unique and special part of Tasmania. This property consists of four titles equaling approximately 155 acres of undulating prime cropping and grazing land with ample water storage and two electric irrigation pumps in place. 94 Table Cape Road has been tightly held in the one family for many decades, it consists of an older style weather board home in need of a little TLC. The out buildings are very impressive with a very large 25m x 12m machinery shed, a workshop, hay barn, 2 car garage, some smaller outbuildings and a stockyard. This property is only minutes drive from Wynyard and boasts a magnificent view out over Bass Strait, Wynyard and the surrounding coast line.
