Type: House

Amber Leighton

Offers Over \$845,000

This impressive home is located just on the outskirts of Huonville and thanks to its generous acre and a half of land, it offers you all the benefits of rural living, without the need to sacrifice convenience. The home is ideal for families, or for those looking to downsize, without having to go straight into suburban living. The home was built in 2011 and since then, some upgrades have been made to maximise the sun and the views available here. From the open plan kitchen living and dining area, you can easily access the covered deck, making indoor and outdoor entertaining a breeze. The kitchen boasts striking walnut-look benchtops, quality appliances, and plenty of storage and workspace. A second living room provides the option of a more formal lounge area and is kept warm and cosy thanks to the centrally located wood heater. There are three spacious bedrooms, two with built in storage, and the master, leads you back onto that fabulous, covered decking. An office area has been incorporated into the hall and storage is provided here. Covered entry is gained thanks to the garage under the main roof and there is garden storage available as well. Selective clearing of the land has begun to create a fantastic space for children and pets and there is a winter creek running through, adding a unique charm to the property. This property is located just 30 minutes from Hobart, making it a great choice for those who need to commute, and it's just moments from everything Huonville has to offer. Phone or email for further information and to schedule your appointment to view.
