Here is your opportunity to acquire a versatile residence nestled in a serene countryside setting, an absolute dream for anyone seeking space, tranquility and potential for income generation! The dual living setup offers flexibility for large families or those looking to generate rental income. The upper level with its Tasmanian oak timber floors, renovated stone kitchen, and open-plan living areas is both inviting and stylish. And the fact that it seamlessly connects to front and rear decks, providing captivating northerly views to Mount Cooroy and Mount Ninderry, adds to its allure. Meanwhile, the downstairs area mirrors the spaciousness of the upper level and offers even more potential with its self-contained kitchen and additional bedrooms. The option to lease either portion independently adds a layer of versatility that could greatly appeal to renters or those seeking shared living arrangements. Beyond the living spaces, the property's acreage allows for sustainable living with established vegetable gardens, fruit trees, and even a dam. The potential for further development, like adding a shed away from the main house, enhances its appeal. Moreover, the strategic location on the Woombye border offers both tranquility and convenience, with easy access to Nambour shopping precinct, schools, hospitals and 20 minutes to the coast's best beaches. Don't delay on viewing this special home, call Brenden and Bevan today for your opportunity!
