This tidy brick home will keep you cool over summer! With an open plan living/ dining area that leads out onto the covered back patio, a surprisingly good sized kitchen with electric appliance, plenty of cupboard and bench space, plus a dishwasher and a reverse cycle air con to cool this whole area. The bedrooms are all double rooms with air conditioning in two of the three rooms. There is a large walk in robe in the main bedroom and the other two rooms have built in cupboards. The bathroom has a separate bath and shower and the toilet is separate for convenience. The laundry is at the rear of the single lock up garage, which is fully tiled and could easily be converted into a rumpus room if you didn't want to use it for your car. The backyard is fully fenced with a lawnlocker.
