Escape the hectic rhythm of city life and immerse yourself in the serene tranquillity of country living with this expansive family home, sited on approximately 5.6 acres (2.2 hectares/22,622sqm) of lush verdant land. It offers a natural haven of privacy and peace, thanks to the panoramic views of surrounding gardens and neighbouring farm animals visible through big picture windows. The sprawling layout strikes a balance between formal and informal living spaces, presenting a lounge and dining room, where a log fireplace adds a touch of rustic charm. For more laid-back occasions, a casual living/meals zone with gas fireplace ensures a warm ambience. The renovated gourmet kitchen is at the heart, featuring Miele appliances, elegant stone benchtops and far-reaching garden views. It comes complete with sash-less windows and a serving ledge adjacent to the covered alfresco patio for ease of entertaining. Two built-in barbeques offer the perfect setup for memorable wining and dining amid the backdrop of the garden's greenery. The main bedroom provides a private retreat, complete with an ensuite bathroom and outdoor access. Additional accommodation includes 4 more bedrooms and 2 more bathrooms – one serving as a semi-ensuite for bedrooms 4 and 5. Designed for the ultimate in enjoyment and relaxation, the estate-sized parcel of land also incorporates a swimming pool, a covered spa, and a tennis court transforming your backyard into a private resort nestled within Mother Nature's embrace. Further enhancing the appeal are a spacious double garage and storeroom offering ample storage, a laundry, ducted heating and cooling and a vast workshop/shed.
