Sitting on a 324sqm block with rear ROW and on a pretty tree-lined street in the heart of Shenton Park, only the brave might consider rescuing this damsel in distress from a bulldozer! This gorgeous little cottage has been neglected in recent years so if the thought of an extensive restoration project is too much, let your imagination run wild and plan to build a dream home on this piece of blue chip land! There are plenty of examples of fantastic architecture in the suburb, all designed to maximise liveability on low maintenance blocks. Opportunities to secure green-titled property in Shenton Park at this price point are few and far between, call Oonagh Lisle on 0411 037 504 for further information.
