\$1,690,000 - \$1,790,000

All the ideas that ensure a home appeals to every family member have been brilliantly incorporated throughout this landmark residence. A design of significant style and substantial scale makes entertaining easy and enjoyment a certainty on a desirable corner allotment featuring extensive second frontage to Chandler Street. The chevron patterned timber floors of luxurious, light-filled living and dining areas are matched by the tiled splash-backs of a sky-lit open-plan kitchen that's entirely contemporary and totally on point in its fitting, finishes tones and colour way. Beyond, paved alfresco proportions and a superb pool creates a seductive sense of indoor-outdoor seamlessness. Four bedrooms and three bathrooms, featuring an upstairs level shared by three bedrooms and two bathrooms – including a main bedroom with a dual shower ensuite – include a fourth bedroom with its own bathroom on a lower ground domain dedicated to delivering rumpus/games room/gym or home theatre flexibility. Plantation shutters, heating/cooling, the best of everything, naturally, and a secure garage close to the water, schools and Douglas Parade.
