This acreage property is located approx. 10 minutes drive from Gatton and has a nicely presented A Frame home positioned in an elevated position on the block. The home is bright and airy and is really well appointed. The property is set on 2 fully fenced hectares. There are three good sized bedrooms in the home and they are all built in with two being downstairs. The air conditioned main bedroom is upstairs as is the bathroom. There is also a study nook upstairs just off the main bedroom which could also be a nursery or craft area. There is a verandah at the front and side of the home with lovely views to the mountains of the Ma Ma Creek and Tenthill valleys. The bathroom is a good size but has a shower over the corner bath. The kitchen offers plenty of benchspace and overlooks the dining area. There is a large open plan living area which includes the dining and lounge rooms - with large open window space and sliding doors to capture the beautiful views over to Ma Ma Creek and Mount Whitestone. There are two toilets at the property - one in the bathroom upstairs and another off the laundry area downstairs. The men are catered for here as well with a large double lock up shed. There is a fenced paddock at the rear of the property where you can have either one cow or one horse or a couple of miniature horses etc and has gate access on either side of the block. This is a quiet and peaceful neighbourhood and the perfect property for those with young children who would like a tree change or a couple looking for a quiet place to retreat to after a working day. Tank water only.
