Welcome to your new home. An escape from it all surrounded by animals and nature only minutes from the M1 and the demands of normal life. You will know from the moment you drive down the drive that this home is something special. The property is hidden from the roadway and surrounded by seven fenced paddocks, three aviaries and a beautiful in-ground pool. Boasting 5 bedrooms, three bathrooms, multiple living areas and a huge office there is plenty of room for a large family or welcoming guests to your property. The open plan living cascades across 4 levels with the kitchen in the heart of the home. A huge timber deck wraps around the rear of the property and overlooks the pool and tropical bushland. With landscaped gardens around the home and trickling ponds you will find it hard to have any stresses in your life not melt away. The four stables and separate kitchen / laundry area are perfectly set up for your beloved animals. Custom built chicken coup - the list goes on and on. After over 20 years developing the property it is time for the owners to move on and pass down this hidden treasure to the next family to love as their own. Completely flood free there is a small dam at the front of the property for rainfall runoff. There is no doubt that if you miss out on this property it will not be coming to market for another 20 years.
