Offers Above \$610,000

High-set home on a large 6 1/2 acres This type of property does not come up often, it needs of some tlc and renovation. It is mostly usable land, town water, fully fenced with abundant gardens and fruit trees. This property is really an oasis in need of some work. The home is on steel stumps with three good sized bedrooms, the mains with a walk-through robe and into the two-way bathroom, a big lounge room, dining room with open kitchen. The bathroom has separate toilet with solar hot water. Downstairs is undercover car accommodation or possibly enclose and make a large entertainment area or a couple more rooms. This home is in the perfect location on a quiet road, good neighbours and enough room for a horse or two. (Photos from 2015)Contact exclusive agent for inspections.
