The property was an old dairy farm and the old dairy shed is still there all situated near the end of a peaceful no-through road. Just east of the dairy is the house which has three bedrooms, two baths and three toilets. Not a huge home but very comfortable. The property is separated into eight paddocks. Next to the old dairy shed there are cattle yards built from heavy duty panels with a crush and loading ramp. Water from a large dam in the center of the farm is delivered to the house yard via a small three phase pump. There are also three other dams in separate paddocks at the front of the property. Fruit trees and established gardens surround the house with reasonable views in all directions. The Phone Code for this property is: 69513. Please quote this number when phoning or texting.
