Enjoy an environmental paradise far from the maddening crowd. This 14.71 Hectares has been tightly held for the past 30 years and was a holiday destination for a family. There is a small house approximately in the centre of the property originally Council approved which you could renovate or rebuild your dream home on the existing pad. There is also a renewed track to the house. It is only 6 minutes to Boreen Point at Lake Cootharaba well know for camping, boating and water sports and 30 minutes to Noosa. This is an opportunity to have your own sanctuary amongst an enclave of other acreages on the North Coast.
