Nestled on the high side of the street in the heart of a nice neighbourhood, this well-crafted 2-bedroom brick home is a sanctuary of comfort and style - and the perfect entry level package! The lounge is a good size. A wall has been removed from what was a 3 bedroom home to make the living area more spacious, and is open plan with the combined kitchen and dining. The kitchen also incorporates a laundry space, and there is a large walk-in-pantry making for great storage. The oven is brand new. The bathroom is quaint with slate tiling and corrugated iron features creating a funky industrial feel. Both bedrooms are spacious and inviting with built-in-robos. Enjoy a nice outlook and a sense of elevation that adds to the overall charm of the property. Convenience meets protection with a dedicated space for your vehicle, ensuring hassle-free parking year-round. Entertain in style or unwind in the fresh air on your private outdoor covered area which opens to a private space complete with fire pit, perfect for gatherings and quiet evenings alike. Feel a sense of security and privacy with a fully enclosed yard - ideal for pets, play, or simply relaxing in your own space. Located in a friendly and desirable neighbourhood, this home is within close proximity to schools, parks, shopping, and all the amenities you desire.
