Very solid post war home in an outstanding position - surrounded by stunning neighbours' renovations ! Huge decks and entertaining areas to take advantage of the views.Has been a low maintenance investment property for many years - knowing one day the new owner will appreciate the views and this up and coming street .This modest 3 bedroom house is ideal to just keep rented or take advantage of this position to build or renovate into your dream home ! Hard to go wrong here!So close to all the amenities - Train station , major shopping centres, local schools and Gateway Motorway .Entry level buying at land value only !!
