\$520 per week

A lovely brick and tile three-bedroom townhouse has become available in our friendly townhouse complex of Ormiston. The townhouse is two levels and has three good-sized bedrooms. It has a main bathroom upstairs, two showers and three toilets. There is a single-car garage downstairs with extra parking also available in front of the garage. The property has a large private enclosed backyard that is great for outdoor living. The complex has a security front gate with a pool and barbecue area for residents and friends. This is a very quite complex and it is conveniently located near the train station, bus stops, shops and schools.
