\$850 per week

This fantastic tri-level family home will suit the largest of families. Large entrance opens to fully tiled living area that opens to covered outdoor deck. From the living enter the fully tiled meals area overlooking a great size kitchen, with large breakfast bench, lots of cupboard space, gas cooking, rangehood, dishwasher and a large double space for a fridge. Fully tiled large laundry with powder room, lots of cupboard and bench space and access to the double garage. Merge the family, as there is a separate living zone with bedroom and bathroom. Walk downstairs to a large carpeted living area with split system and kitchenette (no cooking facilities). This could be made into the kids play room or ideal for the older kids - large enough for living and bedroom. This area opens to front yard and covered deck for privacy. Walk up a few stairs to two more bedrooms with their own deck and spectacular views and family bathroom. Zoned heating and cooling, gas heating, split system heating and cooling too. Double remote garage with internal access, great area in rear yard for parking of cars, boat and trailers. The list goes on.
