If you are looking for a perfect weekender with nothing to do but just enjoy, then this is a must inspection for you. Set on a wonderful 40 acres with 2 dams and reasonable fencing, the property sits on a well maintained road with a long winding driveway to the highest point of the property where the perfectly built cabin sits. The cabin has everything you need which includes kitchen, lounge and dining, two sleeping areas along with hot water shower, toilet and water tanks. The large front veranda where you would spend most of your time has the most spectacular views over the district. There is also a second cabin on the lower side of the property. The vendors are offering a walk-in walk-out sale to the purchasers if required. Call today for your private inspection.
