Easy Living And A Location To Love

Secluded behind a high front fence and entered through a delightful garden setting, this perfectly presented home offers elegant, low-maintenance living and entertaining within a thoughtfully updated, light-filled interior.

Flawlessly updated with a carefully considered eye for detail, the interior includes a spacious, welcoming living-meals. Finished with glossy floorboards and stretching across the width of the home, its light-filled spaces are overlooked by an eat-in kitchen.

Stone tops, a glass splashback, quality appliances in soft close cabinetry, and somewhere to sit and chat create a fabulous hub for relaxed living.

Stretching out from the living area is a peaceful and private coffee and conversation corner that leads down to a rear yard that blends a pet-friendly lawn with an expansive entertainer's deck bordered by built-in seating.

Complementing the living spaces are two generous bedrooms that share a contemporary bathroom, introducing a stone-topped vanity and a soothing rainhead shower.

Within a prime, family-friendly pocket, this serene sanctuary is ideally positioned footsteps from Kalparrin Gardens, the bus, Early Learning Centre and St Mary's Primary, and a short walk from Greensborough College and the heart of Greensborough and every advantage that brings.

Creating a lasting impression in a highly desirable locale, extras include a double carport, stone-finished laundry with storage, ducted heating, multiple split system units, underhouse storage, day-night blinds and NBN connection.
