THE DEAL

Set in a blue chip, riverside location this unit represents a sparkling entry level opportunity in Mount Lawley. Boasting a comfortable floorplan, a blue chip location and an oversized, exclusive use courtyard, this unit sets itself apart from the rest.

Upon entry to the abode, you will notice how much natural light the property receives. Both bedrooms are well proportioned and connect easily to the living area. The open plan kitchen is well set out with plenty of storage. The living room is spacious and opens up to the large courtyard. The courtyard provides a pleasant outlook from the living room while also providing the resident a useful outdoor area.

SEALS THE DEAL
