A low maintenance 2 bedroom unit in a great position

For a first home buyer looking to establish themselves in the real estate market or an astute investor looking to add to their investment portfolio, this back unit on a block of 10 makes perfect sense. Far enough off the road to give you peace and quiet, the home is still ideally located with buses, Harrisfield Primary School and shopping centre just up the road and you can easily access Waverley Gardens Shopping Centre, Monash Freeway and trains in minutes. Inside an open living area split system air conditioner as well as the adjoining kitchen with upright gas oven/stove. There are 2 bedrooms with built in wardrobes plus a very neat bathroom with included laundry facilities and a separate toilet. There is no courtyard to maintain and you can park at least 1 car right at your front door.
