A STYLISH, MODERN APARTMENT WITHOUT THE EXCESS!

For the busy single professional who is always on the go, a big house just doesn't make any sense, but an apartment like this with everything you need minus the excess is absolutely perfect.

In a modern and stylish development highlighted by its curved facade with timber features, the building offers security and lift access plus a secure basement garage with a titled car space.

A unique floor plan cleverly packages a living area with timber flooring a tiled and covered balcony, a stone topped kitchen with hidden fridge cupboard and Miele stainless appliances including a concealed dishwasher.

The good sized single bedroom features a large built in wardrobe and there's also a beautiful bathroom with included toilet and a space saving european laundry.

And as you would expect, a great location is part of the package with buses, Hartwell train station, and local shops within walking distance while the cosmopolitan hub of Bourke Road is just minutes away.
