Designed by world-renowned architects Fender Katsalidis, "The ApARTments" at NewActon South is the benchmark apartment building in the National Capital. Fender Katsalidis is widely celebrated for Melbourne's Eureka Tower and Hobart's famed MONA (Museum of Old and New Art).

Welcome to 1010/19 Marcus Clarke Street and the ultimate Inner City lifestyle. It is perched on the 10th floor of this iconic building and boasts one of the most prized floorplans in the development with approx 138 sqm of living area.

The well-appointed kitchen features Miele appliances, including an induction cooktop and an integrated dishwasher. The kitchen is adjoined with Italian marble highlights, including a splashback and 40mm waterfall Caesarstone benchtops. The open plan living area is adjoined with natural light via the walls of floor to ceiling double glazed doors and windows. The sense of space is emphasised by the high sculpted ceilings. The living area opens to a 18 sqm wrap-around balcony which enjoys a lovely outlook from Black mountain over the Australian National University grounds, the Shine Dome, Canberra City and the coastal ranges.

The accommodation consists of three bedrooms, two of which feature palatial ensuite bathrooms. Every bedroom has outstanding storage, and the third bedroom in particular is enormous and could even be utilised as a second living area. In addition, there is a separate guest bathroom.

Other features include great storage, two independent ducted reverse cycle systems, secure undercover parking spaces for two vehicles, a generous storage cage and a shared floor with only three other premium apartments.

The beautiful facade of the building is mirrored by the stylish interiors, which include permanent art installations, including in the six high speed lift shafts. The development offers a fully equipped gymnasium and two Sky-Gardens on level 4. The NewActon Art precinct is sandwiched between the picturesque West Basin of Lake Burley Griffin and the gorgeous grounds of the Australian National University. An inspection of this outstanding apartment is highly recommended.
