Why? Just one look at the crisp elegance of the low-rise facade in the heart of Bay Street and it's easy to imagine yourself living here. We love the commitment to quality and the location in the heart of Bay Street stroll to cafes, shopping and the train . First home buyers can securely enter the market, investors will appreciate the value, downsizers will appreciate the security, and the property offers a distinctive pied-a-terre for out-of-towners.

What? Developers BPM named this development The Standard, and this idyllic 1 bedroom apartment upholds its end of the bargain and sets the Bayside standard.

This light-filled 1 bedroom retreat works on a number of exciting levels. Enjoy seamless access from the living space to a sheltered balcony, ideal for alfresco relaxation overlooking the tranquil communal garden courtyard below. Walk through to a fabulous ground floor board room for meetings or gatherings.

Where? Bay Street buzz is on your doorstep with lively cafes, fine dining, the Palace Cinema, North Brighton trains, leading schools, Coles Supermarket, boutique shopping, and golden sands framed by blue-water bay beauty at the end of the street.

When? This sunlit sanctuary is offered for Private Sale.
