Suburb Profile - St Peters, 2044: St Peters is located seven kilometres south of the Sydney central business district. It has experienced a recent surge in popularity due to its proximity to the city, the range of leisure and recreation facilities located nearby, and the ongoing wave of gentrification occurring through the area. The suburb is particularly fortunate to offer some unrivalled transport links to the CBD with Sydenham Station linking the Eastern Suburbs & Illawarra, Bankstown, and Airport & East Hills lines. It is also conveniently close to urban hubs in Marrickville and Newtown which are renowned for their diverse array of cafes, eateries, and nightlife options.
