A Serene Dream By DKO Architecture, Beachfront Luxury With Panoramic Northerly Views Approx. 186sqm On Title

A streamlined approach to luxury living by acclaimed design studio DKO Architecture takes its cues from the natural beauty of its beachfront setting to create a soul-soothing oasis of calm with a strong connection with the landscaped and ocean vista beyond. Spread over 163sqm approx, the whole-floor apartment's minimalist organic interiors feature travertine and natural stone as the heroes of the interiors with aged brass and timber finishes delivering a refined coastal aesthetic. A house-like layout features a separate three-bedroom accommodation wing with the open plan living space bathed in sunlight and opening to a covered entertainer's balcony while level lift access to double garaging offers ultimate convenience. With ducted air for year-round comfort and Est lighting creating an ambient mood by night, this beachfront masterpiece was completed in collaboration with JW Projects and crafted to stand the test of time. Keep an eye on the surf from the comfort of home, dine alfresco in one of the beach cafes at the doorstep or walk along the coast to Tamarama's surf breaks and Icebergs Pool.

- * Boutique beachfront collection
