Lavish City Living !

Step inside and discover how spacious this 2 bedroom apartment really is. Nothing about it is small or poky. Entry is by a tiled hall that leads to a bigger than-most North East facing living/dining area that opens onto a wrap around courtyard.

Entertaining is perfect, summer or winter. The kitchen is house-size with miles of bench space. Both bedrooms are generous in size whilst the indoor storeroom is a bonus. A well-kept security building with plush entry foyers and perfect gardens adds to the appeal. Positioned a short stroll to the city centre, schools, clubs, harbour and beaches. Inner city living at its best!
