Impeccable Apartment In The Heart Of It All!

Enviably positioned in a prime city-edge pocket on the cusp of coveted Westgarth Village, this like-new apartment is a shining gem in Melbourne's tightly-held inner north enjoying city views off the balcony, incredible bars and dining, serene surrounding parkland and transport right at your fingertips.

Timber flooring features throughout this contemporary delight, with air-conditioned open plan lounge and dining flowing into the modern kitchen with sleek storage, quality appliances and breakfast bar benchtop.

Opposite the kitchen is the covered alfresco balcony with views stretching towards Melbourne's iconic city skyline, with plenty of space available for outdoor lounging, dining or evening drinks in total peace and comfort.

Both large carpeted bedrooms feature their own cosy study/office nook and mirrored built-in robes, with a well-appointed ensuite to the master and a matching main bathroom with separate Euro laundry serving the apartment. This recently developed complex feels as boutique and stylish as the apartment itself, offering secure intercom entry as well as a single underground parking space with a lock-up storage cage provided.

You're surrounded by beautiful open parkland, including the winding Merri Creek Trail for excellent cycling down to Yarra Bend Park to connect with the Yarra River. Northcote High School is directly across the road, with easy access to several quality schooling options all within close vicinity.

Have your choice of fantastic local restaurants, cafes, shops and boutiques along St Georges Road, High Street and beloved Westgarth Village. Bars and nightlife are yours to explore in buzzing Northcote and Fitzroy North, while the No. 11 tram is right at your doorstep for easy transport straight into the CBD.
